

Supplementary Figure 2. Definition of circular representation with FreeSurfer-based regions of interest (ROIs) in this study. (A) Lobes (outer band of the Circos plot) and ROIs (inner band of Circos) are shown in the left and right half of the Circos plot, respectively. (B) List of ROIs for each lobe, abbreviation, and full name. Numbers of ROIs in the lobes are shown under the lobe names.
